

**Joint Announcement of the Continuation of the Patent
Prosecution Highway Pilot Program
between
the Korean Intellectual Property Office and
the Danish Patent and Trademark Office**

February 18, 2010

The Korean Intellectual Property Office (KIPO) and the Danish Patent and Trademark Office (DKPTO) hereby jointly announce that the KIPO-DKPTO Patent Prosecution Highway (PPH) pilot program will be extended in its current state.

The KIPO-DKPTO PPH was launched on 1 March 2009 and benefits applicants to both offices. If an application is deemed to be patentable at one office, the results of that office's examination are used to expedite the examination of the corresponding application filed at the other office.

In order to adequately assess the feasibility of the PPH program, the KIPO and the DKPTO have agreed to extend the PPH pilot program in its current state in order to collect more information before any formal decision on the program is made.

Currently, no end date has been fixed for the KIPO-DKPTO PPH pilot program. The KIPO and the DKPTO will continue to evaluate the PPH program and the needs of applicants. Notification of any changes to the PPH program will be posted on the KIPO's and the DKPTO's websites.

More information and guidelines on the PPH pilot program are available on the two offices' websites at:
